### **Huttig® And Fiberon® Decking Announce Expanded Distribution Agreement**

St. Louis, MO (August 19, 2009)—Huttig Building Products, Inc. and Fiberon® announced today that they are expanding their current distribution agreement to include Huttig's Wilkes-Barre, Pa. location. Fiberon is one of the leading brands of composite decking sold in the U.S. Huttig is one of the largest domestic distributors of millwork, building materials and wood products.

"We're excited about adding Fiberon decking to our product offering in Wilkes-Barre," said Greg Gurley, Huttig Vice President, Product Management, Marketing and National Accounts. "Low-maintenance decking is a major product category for our company and Fiberon has demonstrated its leadership in developing state-of-the-art products and a willingness to support our dealers in growing share with deck builders."

In addition to Huttig's Wilkes-Barre, Pa. location, Huttig also distributes Fiberon decking in Columbus, Ohio and its western regional branches of Auburn, Wash., Tigard, Ore., Medford, Ore., Sacramento, Calif., Rancho Cucamonga, Calif., Albuquerque, N.M. and Dallas, Texas. Fiberon's products include Sensibuilt™ PVC decking and Horizon™ composite decking in addition to their multi-chromatic Fiberon Tropics™ and the original Fiberon Professional™ composite decking lines.

Bill Ross, Vice President of Sales for Fiberon states, "As we improve our ability to provide access to our full line of Fiberon decking, railing and fencing products in the marketplace, we are pleased to partner with Huttig Building Products. They are joining us as a full-line distributor, carrying the newly introduced Horizon composite decking with PermaTech™ technology and Sensibuilt with Lumenite™ technology which boast the industry's only 10-year stain and fade resistance warranty. Huttig has a strong track record of providing high levels of service to the building materials retailer and high-quality sales efforts in the field which will further strengthen the Fiberon brand presence in the marketplace."

Huttig Building Products, Inc., currently in its 124th year, is one of the largest domestic distributors of millwork, building materials and wood products used principally in new residential construction as well as home improvement, remodeling and repair work. Huttig distributes its products through 27 distribution centers serving 45 states. The company's wholesale distribution centers sell primarily to building materials dealers, national buying groups, home centers and industrial users, including makers of manufactured homes. For more information, please visit [www.huttig.com](http://www.huttig.com).

Fiberon is a leading manufacturer of composite and PVC decking, railing and fencing products used in homes and light commercial construction across North America. Part of the Fiber Composites, LLC family, the Fiberon brand product line is designed specifically for professional contractors. Fiberon's polymer chemists and extrusion professionals employ the latest technology to constantly innovate, using the finest raw materials coupled with leading manufacturing processes to ensure best-in-class quality. The company was founded in 1997 and is privately owned with operations in North Carolina and Idaho. Fiberon professional products are sold nationwide to professional contractors and dealers through a national network of distributors.
