FIBERON® INTRODUCES NEW INSPIRATIONS™ RAILING SYSTEM
Stylish railing with designer options designed for fast assembly

NEW LONDON, N.C. (March 11, 2010)— Fiberon®, a leading manufacturer of composite and PVC decking, railing and fencing products, is pleased to introduce the new Inspirations Railing System. The Inspirations System is designed to give homeowners customizable options and engineered to save contractors time to assemble.

“The Inspirations Railing System requires fewer screws and uses a patented dagger system for faster assembly and easier installation,” said Bill Ross, Vice President of Sales for Fiberon. “These cost saving features, as well as the high quality PVC combine to provide the best quality railing in the marketplace.

Inspirations Railing is made of a high impact PVC composite and a durable white PVC finish in a patented manufacturing process designed to resist cracking and flaking which results in long term performance and enduring beauty. It also features hidden rail brackets that provide a well-designed profile for any deck, porch, balcony or stair. All in all, Inspirations is a railing system that is complementary to a wide variety of composite and PVC decking products.

The Inspirations Railing System will be available starting March 22nd.

Fiberon decking, railing and fencing products are sold to professional contractors through a national and international network of distributors. To learn more, visit www.fiberondecking.com or call 800-573-8841. For product images, logos and other related media, please visit <http://www.fiberondecking.com/about/gallery>.

About Fiberon

Fiberon, LLC is a leading manufacturer of composite and PVC decking, railing and fencing products used in homes and light commercial construction across North America and Europe. Through extensive product development and leading-edge manufacturing capabilities, Fiberon created the benchmark for innovative, alternative outdoor living products. The company was founded in 1997 and is privately owned with operations in North Carolina and Idaho.
